Jim, yesterday's forecast caused me to postpone my trip to Amherst this morning.
will you be available Tues, Wed or Thurs the 16th, 17th, 18th?

Paul

Hi Paul,

I just received this email from Grace Connolly. Thursday is the only good day for me. But there will always be some body here to show you around. I believe someone from epidemiology should also be there, because they have 5 or 6 large freezers. You can reach them at 413-545- 6604 or helen.taugher@state.ma.us . Richard Nathhorst can be reached at 413-367-2422 or nathhorst@facil.umass.edu. I don't think the drug lab has any surplus equipment, just old benches and cabinets.

Thanks,

Jim Hanchett
